I am glad to be able to report that the insurance companies, associations and fraternal orders under the supervision of this Department have shown a fine spirit of coöperation during these years under review, for which I express my appreciation. To the press, which has given generously of editorial and news space for the Department's fire prevention program, to the firemen of the State who have labored incessantly to increase the efficiency of their fire departments, to the law enforcement officers who have rendered valuable assistance, and to my own loyal and efficient office and field forces, I desire to make due acknowledgment and to express here my appreciation and gratitude.

Respectfully submitted,

DAN C. BONEY,
Insurance Commissioner.

I am glad to be able to report that the insurance companies, associations and fraternal orders under the supervision of this Department have shown a fine spirit of coöperation during these years under review, for which I express my appreciation. To the press, which has given generously of editorial and news space for the Department's fire prevention program, to the firemen of the State who have labored incessantly to increase the efficiency of their fire departments, to the law enforcement officers who have rendered valuable assistance, and to my own loyal and efficient office and field forces, I desire to make due acknowledgment and to express here my appreciation and gratitude.

Respectfully submitted,

DAN C. BONEY,
Insurance Commissioner.

DAN C. BONEY, INSURANCE COMMISSIONER

REPORT OF INSURANCE COMMISSIONER

STATE OF NORTH CAROLINA INSURANCE DEPARTMENT April 1, 1940

To His Excellency, CLYDE R. HOEY, Governor of North Carolina.

SIR:

In compliance with Section 6273 of the Consolidated Statutes, I have the honor of submitting herewith the biennial report of the Insurance Commissioner for the biennium 1938-1939, showing the business of insurance companies and fraternal orders operating in this State, and the activities of the Department for the years ending December 31st, 1938 and 1939; the financial condition of all such companies and associations as of December 31st of the preceding years; the funds handled by the Insurance Department for the fiscal years, ending June 30, 1939 and June 30, 1940.

A separate report covers in detail the business of building and loan associations, which are also under the supervision of the Insurance Department.

I am glad to be able to report that the insurance companies, associations and fraternal orders under the supervision of this Department have shown a fine spirit of cooperation during these years under review, for which I express my appreciation. To the press, which has given generously of editorial and news space for the Department's fire prevention program, to the firemen of the State who have labored incessantly to increase the efficiency of their fire departments, to the law enforcement officers who have rendered valuable assistance, and to my own loyal and efficient office and field forces, I desire to make due acknowledgment and to express here my appreciation and gratitude.

Respectfully submitted,

DAN C. BONEY, Insurance Commissioner. The following insurance companies and associations, including fraternal orders, non-resident brokers, jewelry auctioneers, and lightning rod companies and their salesmen were licensed in this State as of the close of the biennium May 1, 1940.
